**P.S.**  
Relax...and enjoy the mystery...you will not be expected to join the performance

*Come to the Grand Hotel and meet the elite, anyone from a glamorous actress to a professional boxer. But beware of room service: Last week "Fingers McAllister", a bookie from Las Vegas ate some poisoned caviar. May he rest in peace. But now Chef D. Jour is in hot water. Isn't it curious Senator Dodge forfeited his reservation for that penthouse suite? And that maid looks familiar... Make your reservation to be a house detective, but stay clear of that open elevator shaft!*
